

## 2021-2022 6th Grade Summer Reading

(What not to do ↑)

This summer, we would like you to read at least **TWO** books *that you will enjoy*.

1. Choose one novel from the following list and complete the **Book Jacket**. A 12 x 18 piece of construction paper is provided.
2. Choose another book to read. **Create a bookmark** with the title and draw a scene from the story. Be ready to share in detail and recommend. A blank bookmark is provided.

### Entering Sixth Grade (choose one):

*Among the Hidden* by Margaret Peterson Haddix

Haddix *Crash* by Jerry Spinelli

*The Lightning Thief* by Rick Riordan

*The Westing Game* by Ellen Raskin

*Walk Two Moons* by Sharon Creech

*Middle School: The Worst Years of My Life* by James Patterson

*Old Yeller* by Fred Gipson

*The Magician's Nephew* by C.S. Lewis

**Project Assignment:** Book Jacket - Must be your own design, NOT an existing cover design. You may do this by hand or use Canva and print it out. Create a colorful, engaging book jacket that includes the following:

- New cover for the book with illustration, title, author, student name
- Inner flap (left side) with character list and brief description of character traits and background
- Inner flap (right side) with summary, or sequential summary of key story events
- Back flap with a summary of a potential sequel. Include your "publishing house" name on the back. Be creative!

## Sixth Grade

<b>Title</b>	<b>AR Level</b>	<b>Int Level - grades</b>	<b>Reading Level - grades</b>
Among the Hidden Margaret Peterson Haddix	4.8	4-8	3-12
Crash Jerry Spinelli	3.6	4-8	2-8
The Lightning Thief Rick Riordan	4.7	5-8	3-8
The Westing Game Ellen Raskin	5.3	4-8	3-8
Walk Two Moons Sharon Creech	4.9	4-8	3-8
Middle School: The Worst Years of My Life James Patterson	4.5	4-7	3-8
Old Yeller Fred Gipson	5.0	4-8	4-8
The Magician's Nephew C.S. Lewis	5.4	4-8	6

Dear future 6th grader,

Over the summer we want to ensure that you aren't losing the knowledge you worked so hard to acquire this past school year. To help you keep your skills strong 8 small assignments will be posted, one for every week in June and July, on your math Google classroom page. Complete each assignment on a separate sheet of loose leaf paper. Please do one sheet each week (not all 8 in a few days). Spreading out the work will be better for your retention come August. The week of July 4th is meant to be an "off" week ;) The answer key for each assignment will be posted one week after the original assignment is posted. Assignments will post on Mondays and the answer key will post on the following Monday. You are to grade the previous week's assignment (using a red pen) before completing the next week's assignment. All 8 assignments should be graded and completed in full by the first day of school.

You will turn in ALL 8 assignments (which should all be graded too) the day we return to school. You can either: staple all 8 together or place all 8 in week order in a folder. You will have an in-class assignment the first week of school reviewing the same skills you are covering over the summer. You will be able to use your summer work to help you complete the in-class assignment. Completing all 8 assignments will be your first grade of the 1st quarter. Your second score will be the score you earn from the in/class assignment you will take during the first full week of school.

Mrs. Dohr

P.S. If you have not completed the Xtra Math program, please continue to do so over the summer months. Also, your Prodigy account will be up and running all summer. Feel free to get on it anytime you like!
